

# MA Thesis Program at a Glance

Start date: September

## NOTES

<sup>1</sup> Draft Thesis must be submitted to the supervisory committee at least four weeks prior to the Oral Defence to allow for feedback and revisions. See note below.

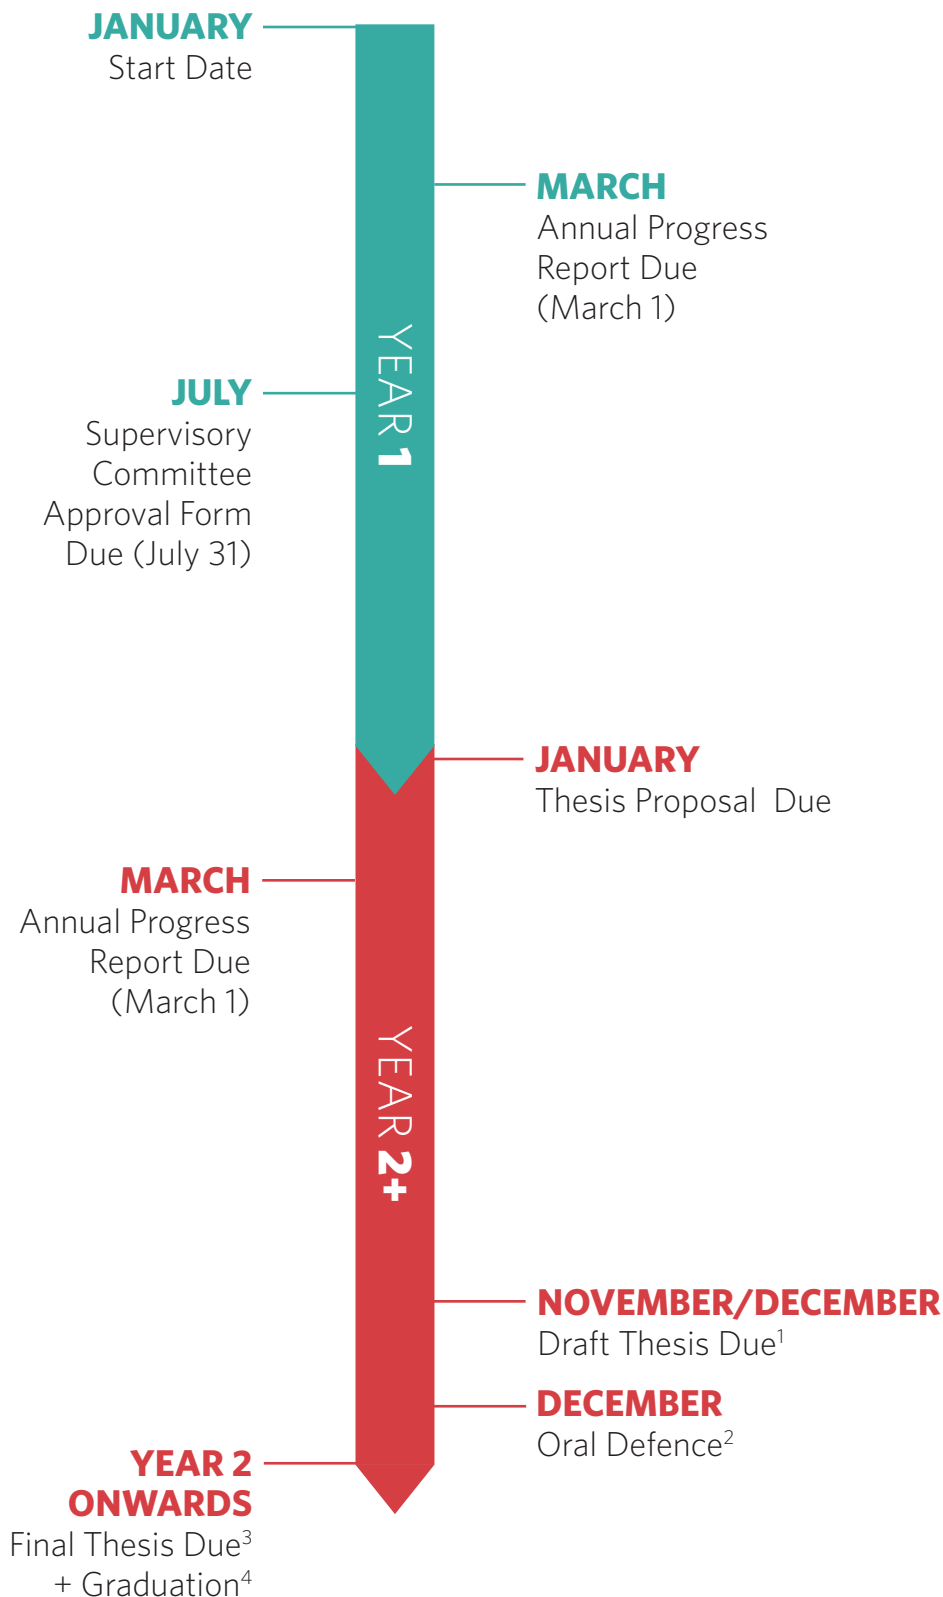

<sup>2</sup> The Oral Defence can be done at any time within five years. However, it is recommended to be done by the end of Year 2, because financial support is offered for the first two years of the MA program.

<sup>3</sup> There is no strict deadline for submitting the Final Thesis, as long as it is done within five years of beginning the program. Please make sure that your thesis is approved by the G+PS before another term begins, in order to avoid additional tuition fees.

<sup>4</sup> Graduation takes place in May or November, depending on when the Final Thesis is submitted and approved.
